## "FAIRY BUTTERFLY"

This was introduced by us last year, we received many fine reports on it, one of the very first Glads to bloom, a medium informal type, color, Light Salmon Pink, Yellow center on three lower petals, four inch ruffled blooms, 14 buds with 4-5 florets open, 4 showing color, flower head 22 inches, height 52 inches, bulbs covered with bublets, germination excellent. One lady wrote she counted 175 bublets from one bulb, tall wiry spikes. In the wind breezes they look like a swarm of butterflies fluttering around.

Large bulbs — 50c Medium — 40c Small — 30c 10 small bulbs — \$2.50 Bublets 10 for — 50c 100 Bublets \$3.00. No discount.
